

- Create your personal web page with the following elements:
  - Your first and last name - a header 1
  - Your photo
  - A QA position you want to get - a header 2
  - A list of brief information about your experience - regular text
  - All styles should be saved in \*.css files
  - A link to your LinkedIn profile (or other resource with your CV)
  - A button "Contact me": when a user clicks this button, a message with your email is shown
- Expected format: \*.html file (attached to HW in Moodle)
